

OCR iMedia Qualification

iMedia is a versatile e-portfolio qualification offered at Levels 1, 2 and 3, giving learners the option to achieve a certificate or diploma for each level.

There is no examination. However you will need to produce a portfolio of work around a particular subject of interest to yourself.

A certificate comprises of three units and the diploma consists of five units, both options include a mandatory unit 1. Unit certification gives learners progressive recognition throughout the course.
